

Paying Your Bill

Health Village Imaging utilizes a service called **PatientPay** to make your payment experience fast and easy. After your visit, you may receive electronic communications from PatientPay. These are not spam messages and are intended to help you pay your bill.

If we have your **email address** on file, you may receive an email from **no_reply@patientpay.com**.

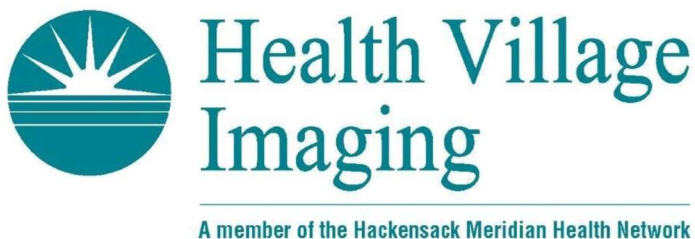

If we have your **cell phone number** on file, you may receive a text message from **73655**.

By following the prompts in each message, you can quickly and securely pay your Health Village Imaging bill. You may receive subsequent follow up emails or text messages from PatientPay if you engage with these communications.

You can opt out of emails by clicking the unsubscribe button at the bottom of the email and opt out of text messages by replying STOP. If you do this, you will receive a paper statement in the mail.
